### Experience

---

#### Activision Blizzard - UI/UX Design Intern

MAY 2022 - AUGUST 2022, REMOTE USA

- UI and UX designer for the upcoming Call of Duty release (2023).
- Conceptualized and prototyped Multiplayer and Battle Royale features that enhance the player experience and incorporate accessible design into the development cycle.

#### Temenos - Senior Product Designer

JUNE 2020 - FEB 2021, HYDERABAD, INDIA

- Gained exclusive domain expertise in designing for the core-banking product - Temenos Transact to reimagine the back-end user experience in the product and web portal.
- Researched user goals, scenarios, benefits, and flows as well as conceptualized designs and prototypes. The primary focus was on applying user research data to designing experiences for customers.
- Started team building and hands-on user research activities to create a healthier remote work environment.

#### Accenture - Senior UX Designer

MAY 2018 - JUNE 2020, BENGALURU, INDIA

- Conducted various client meetings and workshops. Achieved a 70% conversion rate of client meetings to business for Accenture.
- Managed a team of 4 members to deliver an award-winning experience for a leading national airport.
- Defined user requirements and product specifications with client stakeholders and technical architects along with designing User Interfaces that left a lasting impact.

### Education
